IDAHO PUBLIC  
UTILITIES COMMISSION

Diamond Bar Estates Water Company (the Company) has the following response to the Addendum Comments of the Commission Staff.

The Company has operated Diamond Bar Estates Water Co since its inception of 1994. The Company's policy has always been and still is to put the customer first in providing water service including the temporary usage of a private well when the main well site was being worked on.

The Company realizes when in the business of providing a public product and service, the risk in the business is lack of appreciation and recognition for the quality of product and service.

The Company has and will continue to make the best decisions with the information and resources available.
